- Hardware rental (PC, laptop, phone, etc.)

COMPLETE HARDWARE LIFECYCLE MANAGEMENT

- Relocating hardware
- Mass deployment, customised, and turnkey
- User training
- Asset management and inventory
- Imaging
- Second life management
- Data erasure

WHY CHOOSE OUR HARDWARE SOLUTIONS?

We are able to meet all your needs with our **comprehensive portfolio** of IT hardware, while guaranteeing a **high level of experience** both logistically and in terms of deployment projects.

We have **the technical certifications from major manufacturers (HP - HPE - Lenovo - Fujitsu)**, which allows us to substitute for the **manufacturer's warranties** to ensure a faster service. As an option, you can take advantage of a loan of equipment while we perform repairs.

In order to offer a **high level of flexibility**, our contracts allow a choice of desired response times and resolution times, with optimal service coverage **up to 24/7**.

Finally, we fully adopt an **eco-responsible approach**, building our present and future solutions with a **circular economy** in mind.
